

INX Partners with XMANNA to Facilitate XMNA Token's Security Token Offering

Launching on the Fully-Regulated INX.One Platform, the XMNA Token is First Security Token to Coalesce Robust Investment Opportunities in the Metaverse, Loyalty, Gaming, Retail, and Sports

NEW YORK, April 24, 2023 /CNW/ -- [The INX Digital Company, Inc.](#) (NEO: INXD, INXATS: INX, OTCQB: [INXD](#)) ("INX"), a broker-dealer, inter-dealer broker, announced today a new primary offering launch on its [INX](#) platform [XMANNA](#), a cutting-edge platform pioneering the convergence of the Metaverse, loyalty, gaming, retail, and sports industries. The collaboration will enable the launch of XMANNA's XMNA token on the INX.One platform - the world's first and only fully-regulated, end-to-end platform for listing and trading both SEC-registered security tokens and cryptocurrencies.

The Security Token Offering (STO) of XMAN Tokens marks the first digital security token sale of its kind to offer investment exposure to these rapidly growing Web3 markets - unlocking a wealth of new opportunities for investors on a fully compliant and secure platform.

"We are thrilled to partner with XMANNA for the launch of the XMNA token on our platform. This pioneering STO is set to transform the way users interact with the Web3 world, and we are proud to play a pivotal role in bringing it to the market," said Itai Avneri, Deputy CEO & COO of INX. "By partnering with XMANNA, INX continues to demonstrate its commitment to being at the forefront of the digital asset revolution - providing its users with access to a diverse range of investment opportunities."

The INX.One platform sets a global standard for effectively achieving democratization in financial markets, while simultaneously providing the necessary regulatory guardrails through close collaboration with U.S. and global regulators. The platform for listing and trading both security tokens and cryptocurrencies offers a seamless and secure single point of entrance for institutional and retail investors to maximize opportunities to engage with digital financial instruments. It also provides a full suite of services for issuers looking to raise money through a security token offering.

For security token issuers like XMANNA, INX.One is a true Token-as-a-Service (TaaS) platform design for capital raise purposes - offering a unified regulated hub that streamlines the issuance process by providing everything needed to quickly and easily issue a digital security token to raise capital. An end-to-end solution for issuers, INX.One Issuance Services include transfer agent, broker/dealer, and ATS licenses to raise capital and list the token for secondary trading, smart contract design, and marketing and promotion support. INX holds all of the necessary licenses issuers need, along with a global team of experts to offer guidance along the way.

"The XMNA STO represents a groundbreaking event in the digital security token space, offering investors the chance to engage with each exciting aspect of Web3 revolution, including the Metaverse, gaming, retail and sports," said Steve Stein, co-founder & CEO of XMANNA. "The XMNA token will not only provide users with a unique digital asset but also fuel the growth and expansion of XMANNA's innovative platform across various sectors. We look forward to the next chapter in our partnership with INX, which includes leveraging the unique benefits the INX.One platform offers."

XMANNA is an innovative platform that leverages the power of blockchain technology to create a unique ecosystem connecting the Metaverse, loyalty, gaming, retail, and sports industries. Through the XMNA token, XMANNA aims to redefine the way users engage with these industries, providing a seamless, secure, and transparent platform for interaction and transactions.

About INX:

INX provides a regulated trading platform for digital securities and cryptocurrencies. With the combination of traditional markets expertise and a disruptive fintech approach, INX provides state-of-the-art solutions to modern financial problems. INX is led by an experienced and dedicated team of business, finance, and technology veterans with the shared vision of redefining the world of capital markets via blockchain technology and innovative regulatory approach.

About The INX Digital Company, Inc. INX is the holding company for the INX Group, which includes regulated trading platforms for digital securities and cryptocurrencies, combining traditional markets expertise and an innovative fintech approach. The INX Group's vision is to be the preferred global regulated hub for digital assets on the blockchain. The INX Group's overall mission is to bring communities together and empower them with financial innovation. Our journey started with our initial public token offering of the INX Token in which we raised US\$84 million. The INX Group is shaping the blockchain asset industry through its willingness to work in a regulated environment with oversight from regulators like the SEC and FINRA.

In addition to operating two regulated trading platforms for blockchain assets, INX's interdealer broker, I.L.S. Brokers, plans to offer non-deliverable cryptocurrency forwards to Tier-1 banks in the future. For more information, please visit the INX Group website [here](#).

Cautionary Note Regarding Forward-Looking Information and Other Disclosures

This press release contains statements that constitute "forward-looking information" ("**forward-looking information**") within the meaning of the applicable Canadian securities legislation. All statements, other than statements of historical fact, are forward-looking information and are based on expectations, estimates and projections as at the date of this news release. Any statement that discusses predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance (often but not always using phrases such as "expects", or "does not expect", "is expected", "anticipates" or "does not anticipate", "plans", "budget", "scheduled", "forecasts", "estimates", "believes" or "intends" or variations of such words and phrases or stating that certain actions, events or results "may" or "could", "would", "might" or "will" be taken to occur or be achieved) are not statements of historical fact and may be forward-looking information. In disclosing the forward-looking information contained in this press release, INX has made certain assumptions, including with respect to the expected benefits of the joint venture with SICPA, the continuous development of the INX trading platforms, and the development of the digital asset industry. Although INX believes that the expectations reflected in such forward-looking information are reasonable, it can give no assurance that the expectations of any forward-looking information will prove to be correct. Known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking information. Such factors include but are not limited to regulatory developments, the state of the digital securities and cryptocurrencies markets, and general economic conditions. Accordingly, readers should not place undue reliance on the forward-looking information contained in this press release. Except as required by law, INX disclaims any intention and assumes no obligation to update or revise any forward-looking information to reflect actual results, whether as a result of new information, future events, changes in assumptions, changes in factors affecting such forward-looking information or otherwise.
